The Honourable Gregory Sorbara
Minister of Colleges and Universities
101 Bloor Street West, 13th Floor
Toronto, Ontario
M5S 1P7

Dear Minister:

The Council of Ontario Universities is pleased to submit to you the Financial Report of Ontario Universities 1985-86. This report, prepared under the auspices of the Council of Finance Officers - Universities of Ontario, provides detailed information on the revenues and expenses and changes in fund balances at all Ontario universities for the fiscal year ending in 1986. It does so within a format which uses consistent categories and definitions for all 43 provincially-assisted universities and colleges in Ontario.

As in past years, this report is presented in three volumes. Volume I includes financial information on the 21 universities and related institutions which receive grants directly from the Ontario government. Volume II includes financial information on the 22 church-related colleges, universities and seminaries. Volume III includes a detailed analysis of physical plant operating expenses and was prepared in conjunction with the Ontario Association of Physical Plant and Planning Administrators.

The Council of Ontario Universities hopes that the Financial Report of Ontario Universities 1985-86 will assist you, your government and the Ontario Council on University Affairs.

Sincerely,

Edward J. Monahan
Executive Director

REPORT OF THE

COUNCIL OF FINANCE OFFICERS - UNIVERSITIES OF ONTARIO

FINANCIAL REPORT OF ONTARIO UNIVERSITIES

FOR THE FISCAL YEAR ENDED 30 APRIL 1986

This report has been compiled from submissions prepared by each of the provincially-assisted universities and colleges of Ontario. Those submissions were prepared in accordance with a set of Guidelines and Definitions established by the Council of Finance Officers - Universities of Ontario.

The Guidelines and Definitions are published in Volume I of this report. Further details, concerning the reporting of physical plant operating expenses, are included in Volume III.

The Guidelines and Definitions and reporting format are consistent with those followed in previous years in the publication of the Financial Report of Ontario Universities. Amendments which have been made for 1985-86 reporting are intended to clarify, rather than substantially alter, reporting procedures. Revisions and additions have been made which effect reporting of gifts-in-kind, central computing, government grants and contracts, and gifts, donations and non-government grants. The amended sections are identified by a solid vertical line in the left hand margin of the Guidelines and Definitions.

As in previous years, this report includes 21 provincially-assisted universities and related institutions, which are reported in Volume I, and 22 church-related affiliated and federated colleges, universities and seminaries which are reported in Volume II. Of the 43 institutions included in the Financial Report of Ontario Universities 1985-86, 37 reported financial information for the 12 months ending 30 April 1986. The remaining six institutions reported information for 12 months but employed the following fiscal year ends:

Ontario College of Art	May 31, 1986
Ryerson Polytechnical Institute	March 31, 1986
McMaster Divinity College	December 31, 1985
Knox College	December 31, 1985
Victoria University	May 31, 1986
Wycliffe College	May 31, 1986

Attention is directed to the General Caveat which follows. The Council of Finance Officers - Universities of Ontario would welcome comments and suggestions on this report.

Chairman - Committee on Financial Reporting,
Council of Finance Officers -
Universities of Ontario.

Chairman - Council of Finance Officers -
Universities of Ontario

GENERAL CAVEAT

CERTAIN OF THE SUMMARY DATA IN THIS REPORT ARE SUBJECT TO INTERPRETATION OR CLARIFICATION BECAUSE OF INHERENT DIFFERENCES AMONG INSTITUTIONS IN ACADEMIC PROGRAMMES, ORGANIZATION, PHYSICAL ENVIRONMENT, MANAGEMENT PHILOSOPHY AND BUDGETARY AND ACCOUNTING PROCEDURES.

FINANCIAL INFORMATION REPORTED BY THE AFFILIATED AND FEDERATED COLLEGES AND UNIVERSITIES (SHOWN IN VOLUME II) CANNOT BE ADDED TO THE FINANCIAL INFORMATION REPORTED BY THE UNIVERSITIES (SHOWN IN VOLUME I) WITHOUT CERTAIN ADJUSTMENTS. THE CONSOLIDATED SUMMARY TABLES SHOWN IN SECTION 4 OF VOLUME I REFLECT THESE ADJUSTMENTS.

FINANCIAL REPORT OF ONTARIO UNIVERSITIES 1985-86

GUIDELINES AND DEFINITIONS

I GENERAL

A. Introduction

The accounts of universities are normally maintained in accordance with the principles of fund accounting to ensure that limitations and restrictions placed on the use of available resources are observed. Fund accounting classifies resources for accounting and reporting purposes in accordance with activities or objectives as specified by donors, in accordance with regulations, restrictions or limitations imposed by sources outside the institution or in accordance with directions issued by the governing body. A fund is an accounting entity with a self-balancing set of accounts for recording assets, liabilities, a fund balance, and changes in the fund balance. Separate accounts are maintained for each fund to ensure observance of limitations and restrictions placed on the use of resources. For accounting and reporting purposes, however, funds of similar characteristics are combined into fund groups.

This report accounts for the change (increase or decrease) in fund balances. Consequently, it displays the sources of revenue and types (objects) of expense giving rise to the change.

The accrual basis of accounting - a method of recording transactions by which revenues and expenses are reflected in the accounts of the period in which they are considered to have been earned and incurred - is a further generally accepted accounting principle for college and university financial statement reporting.

Changes as reported in an institution's statements may also occur through approved transfers to reserves or appropriation of funds for specific future purposes. Appropriations are means by which fund balances may be committed or reserved for future use. Encumbrances may be a prime example of an appropriation requirement. Appropriations relate to future events and, under the principle of accrual accounting, an increase in appropriations should not be recorded as an expense in the accounting period nor should a decrease in the appropriation be recorded as a source of revenue.

As a reserve, the appropriation should be recorded as an allocation of unallocated fund balances. The actual expense should be recorded in the accounting period in which it is incurred and the related appropriation restored to its unallocated fund balance in the same accounting period. Consequently, while outlining the changes arising from revenues and expenses, separate provision in the reports has been made to reflect the net change in reserve and appropriation accounts (Table 1).

B. Reporting Forms

For purposes of reporting, all funds have been identified as being either expendable or non-expendable. The latter funds generate investment income, which may be utilized for various purposes, but the principal of the funds cannot be expensed. Expendable funds have been identified as being either general or restricted. The former is subdivided into operating, other (non-credit) and ancillary enterprises while the latter includes sponsored research, trust and endowment and capital funds. In addition, expenses of the operating fund (the day-to-day operating entity of the university where annual detailed departmental and programme budgets exist) are further segregated into operational (functional) areas. Normally, the criteria for placement of a particular revenue or expense within a fund entity or functional area on the report forms are the same as those used within the financial records or financial statements of an institution. This may allow the same kind of revenue or expense to be reported differently by each institution; however, where the guidelines specifically designate the placement of items, they must be shown under the appropriate heading regardless of the institution's practice. For example, health services and athletics are to be reported in the student service functional area even if they are carried as ancillary enterprises by a university. However, the fund balances shown on Table 1 of each institution's report generally reflect the balances shown on the institution's audited financial statements.

C. Submissions

A separate report is filed covering each federated or affiliated university or college such that information can be included in a publication separate from that of the main university.

II PRINCIPLES OF REPORTING

A. Fund Concept and Reporting

For reporting purposes, the fund concept is followed by distinguishing between those funds which are expendable and those which are non-expendable and by grouping the former together as either general or restricted with a further segregation of funds within each category.

General expendable funds, including operating, other (non-credit), and ancillary enterprises, should reflect the traditional matching approach of incurred expenses with earned revenues.

Restricted expendable funds, including sponsored research, trust and endowment, and capital, should be reported using a "funds flow" approach, that is, revenues should be reported when due and expenses as incurred on an accrual basis with the difference representing the annual change (increase or decrease) in fund balances.

B. Revenues and Expenses

1. Net Reporting - Revenue derived from outside the university from sales, rentals or the provision of services (the costs of which are reflected in other functional areas) should be netted by object of expense against other functional areas.

Examples of the above are:

(a) computer service sales to outside organizations;

(b) sale of central services (e.g., power, heat, etc.) to external institutions.

The net reporting approach is used because it best reflects the major operations of the university; e.g. the costs of the computer centre are primarily for educational purposes and the recovery of revenue is an assistance to general university financing.

The sale of power, heat, etc. may reflect an oversized facility when related to university use only and which, if included at gross, would distort the significance of this expense in the operational area. For additional guidance, cost recoveries would be shown net against expense where:

(a) recoveries arise from the Ontario Ministry of Health for medical salaries;

(b) payments for teaching or administrative services are made between universities and colleges. To prevent the double counting of costs for individual expense items on aggregation of the reports, the recipient university must net out the receipt against the applicable expense items; and

(c) physical plant costs are recovered from external sources.

as revenue where:

(a) the fortuitous nature of external revenue would indicate that it should be included as an item of miscellaneous revenue; or

(b) ancillary enterprises are involved and the amount should be reported as sales of services and products.

2. Reserves and Unexpended Appropriations - Where expenses have been funded from reserve or appropriation accounts in the financial records or statements of a university, the reports should include these expenses. Amounts transferred, to create or supplement a reserve or appropriation account, should not be reported as expenses. Similarly, fund transfers eliminating or reducing reserve or appropriation accounts are not to be included as revenue. These latter amounts, if applicable, will appear on Table 1.

Provisions for replacement of assets are considered to be transfers to reserve or appropriation accounts. Consequently, such provisions are not to be reported as expenses.

Appropriated Reserves:

Table 1

Table 1 is a combined statement designed to bring together total revenues and additions and total expenses and deductions in order to determine the net revenue (expense) position of the institution for the year for all funds.

In addition, it shows the variation in appropriations and transfers between funds in order to establish the increase or decrease in the fund balances for the year. The resulting balances at the end of the year must agree with those reported in the institution's audited financial statements. The investment in fixed assets must not be considered part of the fund balances and must be excluded when those balances are reported.

Variations in appropriations reflect:

1) the difference between the appropriations and the reversals of appropriations (either by cancelling or expending an appropriation for the year as computed in Table 5);

2) the effect of that computation on the unappropriated fund balance. An increase in the appropriated fund balance must be reflected by a decrease in the unappropriated fund balance and vice-versa so that these variations have no effect on the overall result.

Transfers between funds reflect:

1) movements from one fund to another; and

2) the reporting requirement that fund balances at the end of the year must agree with those published in the audited financial statements.

If the classification of revenue and expenses, in the institution's report to COFO-UO, does not agree with that used in the institution's audited financial statements, then it will be necessary for the institution to use the line Transfers Between Funds to ensure that the fund balance at the end of the year agrees with that reported in the institution's financial statements. These transfers between funds should have no effect on the overall result for the institution as a whole.

Table 5

Table 5 of each institution's report groups appropriations of operating funds into five categories, four of which are commonly used by many universities and colleges:

1. Provisions for repairs, renovations and replacement of physical assets in future years;

2. Purchase order commitments, funds set aside to pay for materials and services ordered but not received in the current year;

3. Appropriations carried forward for spending for specific budgetary purposes in the subsequent year. Some of these arise from commitments to various budget centres, to allow the complete or partial carry-forward of budgeted funds where prudent management has been successful in achieving savings, with the expectation that such savings will be available in the following year. Others result from specific appropriations when it is determined that it would be in the best interests of the university to defer a particular expenditure to the following year. Use of such funds is generally restricted to non-recurring items such as the purchase of equipment;

4. Funds set up for self-insurance to protect against uninsured losses, for example to cover the deductible amounts under fire and theft insurance policies;

5. Finally, an "Other" category is employed to group together various types of appropriations unique to one or a few institutions. The particular components of this category are noted for each institution. Examples include provisions for pension liabilities, library or instructional development.

The first two categories, as well as the "Other" category, are also employed for ancillary enterprises.

As can be seen, appropriations are a means by which operating or ancillary funds may be committed or reserved in accordance with institutional policy and for <u>specific</u> future purposes.

3. <u>Charge-Out, Transfer and Internal Cost Recoveries</u>- A particular fund or function may incur costs which properly should be charged (allocated, transferred) to another fund or function within the university. Common examples include the allocation of administrative costs as overhead to sponsored research or physical plant costs allocated to ancillary enterprises.

Two approaches can be used for transferring expenses from one fund or function to another. The object of expense "internal cost allocation" may be used or, alternatively, (where specific expense identification is possible, e.g. utilities) the direct approach of modifying the applicable line items can occur.

Since the former method produces figures which distort functional comparisons of individual expense items, it is recommended that the latter method be used whenever possible, thereby minimizing amounts reported as internal cost allocations.

An exception to minimizing the use of internal cost allocations arises for computing. In this case, expenses are to be consolidated in the central computing functional area and transfers to other funds are then shown as internal cost allocations.

4. Debt Servicing and Retirement - Where funding for debt servicing and retirement is financed by a specific government grant (i.e. from the Ontario Universities Capital Aid Corporation - OUCAC) both the revenue and offsetting expenses are to be excluded. These amounts are to be reported in the space provided at the bottom of Table 2 as supplemental information.

   Principal and interest repayments associated with ancillary enterprises are to be appropriately included as expenses of ancillary enterprises. This treatment emphasizes their fully-costed nature and assists in matching expenses with revenues.

5. Gifts-in-Kind - These must be reported as both revenue and expenses within the appropriate fund or function.

III DEFINITIONS AND EXPLANATORY COMMENTS

The funds and functional areas are defined first for assistance in segregating the various activities for reporting purposes. Applicable revenue and expense line item categories are then outlined.

A. Funds (Report form Tables 1, 2, and 3)

   1. Operating - this fund accounts for the costs of instruction, research other than sponsored or contract research, academic support services, administrative, plant maintenance and other operating expenses of the

university financed by fees, grants and other general income. This fund column will normally include all revenues and expenses which the university considers to be operating, within the functional operating areas referred to in Section B.

2. Other (Non-Credit) - this fund accounts for all revenues and expenses associated with lectures, courses, and similar activities which are not recognized by the institution for the purpose of granting credit.

3. Ancillary Enterprises - these operations reflect services provided as ancillary (supplementary) to the primary function of instruction and research and, although an integral part of university total operations, reported separately. This separation also follows generally accepted practices of university accounting.

   The services are typically provided on a "fee for service" basis. Revenues and expenses from "sales producing", non-teaching areas (including bookstore, food services, residences, parking, university press/ publishing, property rentals, university facility rentals, theatres) are to be reported.

   To properly reflect the operations of ancillary enterprises the financial reporting of the enterprises should include all material expenses, both direct and indirect, including a reasonable apportionment of university administrative and management charges.

   Expenses of replacement, additional furniture and equipment purchases and capital debt repayment borne directly from ancillary enterprise revenue are to be shown under this fund column in their respective objects.

4. Sponsored Research - these funds account for government and private sources of external grant support available and expended on research activities and projects. Expenses may include overhead charges by the university which will show either in the specific object or, if applied on a percentage or on a formula basis, in the object "Internal Cost Allocations". Included within this fund are research equipment and matching grants received under the Ontario government's Board of Industrial Leadership and Development BILD-E and BILD-M programmes.

5. Trust and Endowment - these funds account for expendable gifts, benefactions, grants available for special purposes (other than operating or capital), and interest earned on non-expendable gifts, in accordance with donors' intentions.

6. Capital - these funds account for grants and monies available or to be spent and amounts expended for capital purposes including building programmes. Investments in fixed assets are not considered part of the fund balances and are excluded from the Capital fund balances.

7. Total Expendable - a cross total of the expendable funds revenue and expense items (Tables 2 and 3) is required along with a cross addition of the individual fund totals. Total expendable revenue from Table 2 and total expenses from Table 3 are to be carried forward to Table 1.

8. Non-Expendable Trust and Endowment - these funds account for the capital of gifts which are received but which cannot be spent.

B. Functional Areas - Operating Expenses (Report form Table 4)

1. Instruction and (Non-Sponsored) Research - this functional area includes all direct costs of faculties, academic departments, graduate school, summer school, credit extension, deans and departmental offices and other academic functions and expenses attributable to the area of Instruction and (Non-Sponsored) Research.

   Note: As indicated earlier, costs attributable to the Faculty of Medicine are to be shown in the designated column at the net cost to the university; i.e., recoveries from the Ontario Ministry of Health (Treatment and Rehabilitation Funds) are to be deducted before expenses are entered on the report and are not to show as a lump sum offset or as revenue. The expenses of all other areas of Instruction and Research (including Health Sciences other than the Faculty of Medicine) are to be shown in the first column and a subtotal of Instruction and Research entered in the third column of the report. Research sponsored directly by the university should be reported here.

2. Library - this area encompasses the institution's main library, branch, faculty or departmental libraries. All purchases of books and periodicals from operating funds should be shown under this functional heading.

3. Central Computing - only expenses for central computing facilities are recorded in the functional area "central computing". A central computing facility is defined as comprising those computer-related activities and resources which, due to (a) economies of scale, (b) the existence of a large number of users who require a wide variety of services, and (c) the high degree of technical expertise required in computer operations, have been organized under the management of a central administration. This is usually seen as a university resource, available on a university-wide basis as the most effective way of providing certain services supportive of the institution's instruction, research and administrative activities.

   This contrasts with stand-alone computer installations established for the main purpose of providing services to a single division or department. Where facilities are meant to serve a single division or department, the expenses of these remote computing resources should be reported within the relevant fund or functional area.

   If an institution employs a charge-out system for central computing time, the expenses should be drawn together and reported under this column. Having drawn together the total costs of computing and EDP installations, a segregation is required of the total operating expenses between "Academic" (Instruction and Research and Library) and "Non-academic". This segregation is reported in the space provided at the bottom of the financial reporting forms for Operating Expenses, Table 4.

   If an allocation of costs to other fund entities is necessary, the Object of Expense "Internal Cost Allocation" should be used for the purpose of recording these transfers (e.g., charges made to Sponsored Research funds). By making these transfers, the functional area will show the net charge to the operating fund.

4. Student Services - this functional area should include the cost of services (other than direct teaching, research and administrative services) provided to students by an institution. Generally, these services will include counselling; both intramural and intercollegiate athletics (not physical education); Dean of Students; placement services; student housing services (not to be confused with residence hall operations); student transportation services; grants to student organizations; student programme costs, e.g., cultural, music, drama; student centre costs and student awards administration.

If any of the foregoing activities are carried as ancillary enterprises on the statements of the institution, the revenue and expenses should be transferred to this functional operating area for reporting purposes. These services may be provided from general revenue or wholly or in part by a specific charge included in the incidental fee structure.

Note: Student Activity Fees collected and turned over to student councils or federations are to be excluded where an institution is acting in an agency capacity.

5. Administration - this function includes the administration, planning and information costs and activities associated with the offices of the president and vice-president, the registrar and admissions (including student recruitment and high school liaison), research administration, board and senate secretariat, finance and accounting, personnel, central purchasing, receiving, and stores and institutional research.

6. Physical Plant - this functional area reflects costs related to the physical facilities of the university, including the following:

   (a) Physical Plant Administration - activities necessary to carry out the duties of management and administration for all areas under the jurisdiction of the Physical Plant Division.

   (b) Building Maintenance - routine repair of buildings and structures, including normal recurring repairs and preventive maintenance.

   (c) Custodial Services - janitorial and custodial services to buildings and structures including care and waxing of floors, washing of windows and costs of all cleaning contracts let to outside cleaning contractors (including window-washing).

   (d) Utilities - costs for energy for heating, cooling, light and power, gas, water, telephone equipment rental costs and any other utilities necessary for the operation of the physical plant.

   (e) Landscape and Grounds Maintenance - operation and maintenance of campus landscape and grounds.

(f) Security and Traffic - costs for watchmen, police services related to plant and campus security, and vehicle control. Costs relating to "parking lots" are to be segregated and reported as an ancillary enterprise.

(g) Other - services and costs which are frequently the responsibility of Physical Plant Departments are as follows:

(i) Purchasing, receiving and stores. If the purchasing, receiving and stores functions are centralized, then the expenditure should be included under Administration. Otherwise, (decentralized purchasing, receiving and stores) expenditures should be included under each function's applicable activities.

(ii) Hauling, moving and storing of furniture for other departments.

(iii) The costs of messenger, mailman, postal services, porters, or services requiring technical direction at the time of performance which are usually provided by the department having specific jurisdiction.

(iv) Property taxes and other municipal assessments.

(v) Vehicles and equipment.

(vi) Unabsorbed physical plant costs relative to chargeouts, not recovered from departmental work orders.

(vii) Property and liability insurance.

(viii) Renovations, alterations and major repairs.

(ix) Costs of renting space and land together with property taxes paid thereon.

Costs reported should represent the total operating costs of the physical plant function as defined and not necessarily those functions and costs administered by the physical plant department at each university. Physical plant expenses are to be reported in accordance with the principles of reporting, guidelines and definitions established by the Council of Finance Officers -

Universities of Ontario and the Ontario Association of Physical Plant and Planning Administrators (OAPPPA). These principles of reporting, guidelines and definitions are published in Volume III, Physical Plant Operating Expenses of this report.

7. Other - this area is to be used for all other operating expenses including the development office, alumni office, public relations, and the administration of the safety programme. It would include expenses for professional fees (legal and audit), convocations and ceremonies, and insurance (except fire, boiler and pressure vessel, property and liability insurance which are to be reported under the physical plant function).

C. Object of Expense (Report form Tables 3 and 4)

1. Salaries and Wages

(a) Academic Ranks - this object will include salaries paid to staff who hold an academic rank in the reporting institution from lecturers to deans inclusive (both full or part-time) in faculties, academic departments or programmes, summer schools, credit extension courses and other academic functions. Salary payments to staff members on paid academic leave are also included.

(b) Other Instruction and Research - payments made to staff members without academic rank at the reporting institution who are engaged in instruction and research as instructors, tutors, markers, demonstrators, teaching assistants, research assistants, invigilators, clinical assistants, post-doctoral fellows, and others are to be included. Payments made to graduate and undergraduate students undertaking these activities are to be included.

Note: Salaries paid from Sponsored Research funds are to be shown under that Fund column and in the sub-object of expense, i.e. 1 (a) or 1 (b), according to the rank and/or classification of the recipient.

(c) Other Salaries and Wages - this object will reflect all salaries, wages and payments to non-instructional staff (support staff) including among others, technicians, clerical and secretarial, professional and managerial, janitorial, trades and maintenance.

Note: All salaries for functions other than instruction and research are to be included in this object even though individuals, (e.g., certain professional librarians or computing centre personnel), may hold the equivalent of an academic rank.

2. Employee Benefits - this object is to reflect an institution's contributions (with respect to salaries) for pensions including payments for actuarial deficiencies and past service liability, group life insurance, salary continuance insurance, dental plans, cost of Workmen's Compensation, free tuition, unemployment insurance, and other costs of an employee benefit programme. Memberships or other perquisites of employment are not to be reported here. Whenever an institution pays a premium or sets aside an amount for an employee, these amounts should be included under employee benefits. All other categories of payments shall be reported under salary expenditures.

3. Library Acquisitions - this object will include all purchases of books, periodicals, microfilms, microfiche and other reference materials, (including costs of bookbinding), with respect to the institution's main library, branch and faculty or departmental libraries.

4. Equipment and Furniture - under the appropriate sub-headings of "purchase", "rental" and "maintenance", report here all expenses for equipment and furniture, including laboratory equipment (other than consumables), administrative equipment and furnishings (including carpets and drapery), copying and duplicating equipment, computing equipment, maintenance equipment. Installment and lease purchase computer contracts should be classified under the heading "purchase". Installation costs would normally be classified as an expense for equipment and furniture.

5. Operational Supplies and Expenses - this object will include among other items all expenses for supplies which are normally consumed within the fiscal year, including postage, reproduction (i.e., all reproducing and printing carried out by the university), publications, telephone and long distance charges, repair materials, office supplies, and computer software packages.

6. Cost of Goods Sold - this object is to be used where an inventory method of accounting is normally employed, (e.g. bookstore, food services) and should include the laid down cost of goods purchased for resale only. The

remaining costs of operating the service, i.e. salaries, supplies, etc., are to be shown in their respective objects. Where a service is externally contracted, particularly in the ancillary enterprises area, the total costs of the contract should be included in the object "Externally Contracted Services", referred to below.

7. Utilities - expenses for fuel, electricity, water, gas and telephone equipment rental and installation costs are reported in this object. The cost of utilities is to be included in total under the functional area "Physical Plant".

8. Municipal Taxes - property taxes for which there are compensatory grants as well as all other payments for municipal services out of operating funds are to be included.

   Taxes paid in relation to space rental are not to be reported here; these amounts should be included with other costs of space rental under the object entitled "Miscellaneous".

   Note: Municipal taxes for which compensatory grants are received from the province are to be shown in the Physical Plant functional area of operating expenses, as are other payments for municipal services (e.g., garbage disposal, fire protection) out of operating funds.

9. Renovations, Alterations and Major Repairs - this object includes all expenses for renovations and alterations to existing university space (whether internally performed or externally contracted). It excludes expenses of maintenance, repair or refurbishing except major repairs of a non-recurring nature in excess of $10,000 which are to be included. If these specific kinds of services are externally contracted they are to be reported under this object and not as "Externally Contracted Services". If internally performed, the total costs including labour and materials should be brought together in this object.

   Note: Repairs and refurbishing of less than $10,000 value are not to be included in this object. The costs of labour, materials or externally contracted services for repairs and refurbishing of less than $10,000 value are to be shown in their own objects.

10. Externally Contracted Services - all expenses for services contracted to external agencies (except for renovations, alterations and major repairs) are to be included. Examples of expenses to be included would be

cleaning contracts, security services, snow removal and similar time and material contracts under physical plant, and food services under ancillary enterprises. Where food services are contracted, the contract amount in total should be shown under this object and not under cost of goods sold or other objects, even though the contractor may provide a breakdown.

11. Scholarships, Bursaries, etc. - this object will include all payments to students (except those for which the student is required to perform service for that payment) including fee remission and gifts.

    Note: This expense is to be displayed under the "Student Service" functional area of operating expenses on Table 4.

12. Principal and Interest Repayments - this object reflects all principal and interest repayments on university debts. As noted previously, the Ontario Universities Capital Aid Corporation (OUCAC) repayments (both principal and interest) are to be excluded and reported separately.

    Note: Where repayments are made as debt retirement for ancillary enterprise assets, the repayment should appear under the Ancillary Enterprise fund even though the institution's financial statement may reflect the repayment through the capital account.

13. Land and Site Services - this object is to include acquisition costs, land improvements and site preparation, including landscaping, sewers and road. Also include fees and planning costs relative to the direct expenses.

14. Buildings - all expenses which are normally considered part of the construction costs are to be included. Where applicable, furniture and equipment and site services are to be segregated from the total contract for inclusion in their specific objects of expenses. Include all fees and planning costs associated or directly attributable to this object as well as any costs such as utilities incurred during construction.

15. Miscellaneous - this category of expenses includes amounts not reported in the previously identified objects. Categories of expenses may include recruitment, travel and field trips, relocation, entertainment, memberships, ceremonials, assistance to student organizations, insurance, legal fees, audit fees,

consultants' fees, cost of renting space and land together with property taxes paid thereon. Expenses which can be properly identified as belonging to another object are not to be included here, particularly those which fall within the category of operational supplies and expense.

16. Internal Cost Allocation - this object is intended only for internal transfers of costs among funds. As indicated previously, wherever possible or feasible, direct allocation of expenses should be reported in the appropriate fund and this object should not be used for bookkeeping expediency. Reductions in the objects of expense of one fund should be offset by corresponding increases in those same expense objects within the other fund.

Within the Total Operating Expenses all objects should have direct allocation into the functional areas and this object will therefore only represent the net effect of transfers to other "funds". This object of expense will not be used in respect to the Physical Plant functional column. On Table 3 of the report forms, this object of expenses must cross-add to Nil.

D. Revenue Sources (Report form Table 2)

1. Government Grants and Contracts - this object will include all grants and contracts from the Ministry of Colleges and Universities and other Ontario government departments and agencies, federal and municipal governments and governmental agency sources. Grants and contracts from other provinces and from foreign governments are to be reported under "Other Government" grants and contracts.

(a) Ontario

(i) MCU Formula Grants - include basic grant only.

(ii) MCU Extra Formula Grants - include only:

- supplementary grants
- northern grants
- bilingualism grants
- other supplementary as recommended by OCUA.

(iii) MCU Other Grants - include:

- teacher education
- off-campus programme
- grant in lieu of municipal taxes
- second language and francophone grants
- capital grants.

(iv) Other Ontario Grants - include Capital and other grants received from other provincial ministries; e.g. OMAF grants for Guelph, Education Block grant to OISE, energy management grants, and BILD grants. While some of these grants may be administered by MCU, the Source of Funds may be other than MCU and, therefore, should be reported here rather than under the previous (iii).

(b) Federal

This will include all grants from the Government of Canada or its agencies.

(c) Municipal

Include all grants received from municipalities.

(d) Other Governments

This will include all grants from, and contracts with, other provinces and foreign governments.

2. Fees

(a) Tuition credit - includes fees for fall and winter sessions of a semester type operation, all three terms of a trimester operation, the year-round operation of graduate schools, intersession, spring session credit courses and credit extension. Fees for "make-up" or special courses which are related to the credit offerings of an institution and fees for auditing in credit courses are to be included.

(b) Tuition non-credit - includes fees for lectures, courses, and similar activities which are not recognized by the institution for the purposes of granting credit.

(c) Miscellaneous - includes all other fees charged to students, including health services, athletics, charges for deferred or installment payment, late

registrations, and lockers, but excluding fees collected and turned over to student-controlled and administered areas such as Student Councils or Federations.

Note: Room and board charges for residence operations are to be recorded with ancillary enterprises.

3. Borrowings - this category should include only those borrowings which are used to finance capital expenditures, where the university will repay both interest and principal.

4. Gifts, Donations and Non-Government Grants - includes amounts and gifts-in-kind received from companies, foundations, charitable institutions and associations.

5. Sales of Services and Products - includes external receipts from sales in ancillary enterprises. Revenues associated with funds other than ancillary enterprises should be netted against the object of expense.

6. Investment Income - includes income from dividends, bonds, mortgages, short-term notes and bank interest. Realized gains or losses, if treated as income, should also be included in the applicable fund area. Significant non-recurring items should be noted. Interest charged to student loans or other non-tuition fee accounts receivable should be allocated to investment income.

7. Miscellaneous - include any form of revenue not identified in the above categories of revenue.

8. Interfund Transfers - when income from one fund is used to finance expenditures incurred in another fund, this should be shown by an interfund transfer. For example, if operating fund income is used for the purpose of constructing a building, the income should be shown under operating funds, the expenditure under capital, and the appropriated amount should be reported as an interfund transfer from operating to capital. The total of all interfund transfers should net to zero at most institutions.

SUMMARY INFORMATION FOR ALL UNIVERSITIES AND COLLEGES

(ON A CONSOLIDATED BASIS)

COMBINED REVENUE AND EXPENSE AND CHANGES IN FUND BALANCES
FOR THE FISCAL YEAR ENDED 30 APRIL 1986
(IN THOUSANDS OF DOLLARS)

Note: In addition to the above revenue and expenses, $23,528 thousand was provided in Treatment and Rehabilitation (T. & R.) funds from the Ontario Ministry of Health. These funds were provided as reimbursement to the universities, for services provided by members of the academic staff to the teaching hospitals, and were expended as salary payments to the members of academic staff who provided the services.

Note: In addition to the total provincial government grants shown above, the Government of Ontario provided the provincially-assisted universities enough to pay an identical amount, to cover principal installments and interest on debentures issued by the universities in prior fiscal years, to the Ontario Universities Capital Aid Corporation. The Treasurer of Ontario has announced the elimination of the OUCAC and the universities' remaining debenture debt, in the amount of $727,028,917.97, has been forgiven. The government also provided $49,389,002.12 during the fiscal year to pay interest on those OUCAC debentures.

Notes:
1. When making comparisons among institutions, please refer to the General Caveat and Committee Report.
2. Percentages may not necessarily total 100.0% due to rounding.
3. The figure marked * reflects the percentage of total operating funds expended on Instruction and Research in Medicine.
   The average of the five universities with medical schools is 10.7%.

EXPENSE	OPERATING INSTRUCTION AND RESEARCH		
Salaries and Wages (a) Academic Ranks	ALL EXCL. MEDICINE	MEDICINE	TOTAL
McMaster University		3,222	3,222
University of Ottawa		3,072	3,072
Queen's University		2,282	2,282
University of Toronto	316	11,109	11,425
University of Western Ontario	83	3,444	3,527
Total	399	23,129	23,528

Note: Treatment and Rehabilitation (T. & R.) Funds provided by the Ontario Ministry of Health are shown in these reports at the net cost to the university; i.e. recoveries are deducted before expenses are entered on these reports. Table 7 on this page reports the amount of these T. & R. funds flowed through the teaching hospitals as reimbursement to the universities for medical and dental services provided by geographic full-time academic staff.

Note: In addition to the above revenue and expenses, $3,527 thousand was provided in Treatment and Rehabilitation (T. & R.) funds from the Ontario Ministry of Health. These funds were provided as reimbursement to the universities, for services provided by members of the academic staff to the teaching hospitals, and were expended as salary payments to the members of academic staff who provided the services.

Waterloo Lutheran Seminary (Wilfrid Laurier) 175

Dominicain College 183

GENERAL CAVEAT

CERTAIN OF THE SUMMARY DATA IN THIS REPORT ARE SUBJECT TO INTERPRETATION OR CLARIFICATION BECAUSE OF INHERENT DIFFERENCES AMONG INSTITUTIONS IN ACADEMIC PROGRAMMES, ORGANIZATION, PHYSICAL ENVIRONMENT, MANAGEMENT PHILOSOPHY AND BUDGETARY AND ACCOUNTING PROCEDURES.

FINANCIAL INFORMATION REPORTED BY THE AFFILIATED AND FEDERATED COLLEGES AND UNIVERSITIES (SHOWN IN VOLUME II) CANNOT BE ADDED TO THE FINANCIAL INFORMATION REPORTED BY THE UNIVERSITIES (SHOWN IN VOLUME I) WITHOUT CERTAIN ADJUSTMENTS. THE CONSOLIDATED SUMMARY TABLES SHOWN IN SECTION 4 OF VOLUME I REFLECT THESE ADJUSTMENTS.

REPORTING OF PHYSICAL PLANT OPERATING EXPENSES OF THE PROVINCIALLY ASSISTED UNIVERSITIES OF ONTARIO FOR THE FISCAL YEAR ENDED IN 1986 GUIDELINES AND DEFINITIONS

I INTRODUCTION

Each year an analysis of physical plant operating expenses, also known as the OAPPPA Report, is prepared under the joint auspices of the Ontario Association of Physical Plant and Planning Administrators (OAPPPA) and the Council of Finance Officers - Universities of Ontario (COFO-UO). This report provides an analysis of physical plant costs, by major functional area and object of expense, as reported in the operating fund of each university.

The financial accounts of universities are normally maintained in accordance with the principles of "fund accounting" to ensure that limitations and restrictions placed on the use of available resources are observed. In the Financial Report of Ontario Universities, prepared each year by COFO-UO, the revenues and expenses related to the following "funds" are identified (see exhibit 1 attached):

- Operating Fund
- Other Non-Credit Fund
- Ancillary Enterprises Fund
- Sponsored Research Fund
- Trust and Endowment Fund
- Capital Fund

Physical Plant costs are charged to each of these "funds" as appropriate by the universities. However, volume III of this report provides a detailed analysis of physical plant costs charged to the operating fund only. As such, it provides an analysis of the physical plant costs that are incurred in relation to the basic academic and academic support activities of each university, and permits a greater degree of comparability between universities than if it included the physical plant costs related to all "funds".

As the various volumes of Financial Report of Ontario Universities, are closely related, it is essential that they be prepared in accordance with uniform guidelines and definitions. To achieve this necessary degree of consistency, the following guidelines and definitions have been reviewed by a subcommittee that has been jointly appointed by OAPPPA and COFO-UO.

II PRINCIPLES OF REPORTING

In order that the physical plant cost data submitted by the various universities will be as comparable as possible, OAPPPA and COFO-UO have approved and adopted the following Principles of Reporting:

A. Functional Reporting of Physical Plant Costs

The costs reported in the Physical Plant column on Table 4 (exhibit 2 attached) of volume I of Financial Report of Ontario Universities should represent the total costs of the physical plant function relative to the basic operating budget of each university as defined in the COFO-UO guidelines and not necessarily the functions and costs that may be administered by the Physical Plant Department at each university. Any physical plant costs, e.g. alterations, renovations and maintenance expenses, which are charged out to other functional areas of the operating budget, as shown on Table 4 (exhibit 2) of volume I of Financial Report of Ontario Universities should be regrouped and reported in the Physical Plant column.

B. Internal Cost Allocations

No amounts will be shown on line 16, Internal Cost Allocation, in the Physical Plant column on Table 4 of volume I of Financial Report of Ontario Universities. Therefore, all costs by object of expense shown in the Physical Plant column on Table 4 will be gross in respect to the functional areas included in the operating budget but will be net with regard to all other funds shown on Table 3 (exhibit 1 attached) of volume I of Financial Report of Ontario Universities, e.g. ancillary enterprises, capital, etc., as physical plant costs relating to these other funds should be charged directly by object of expense. No amounts will be shown on line 16, Internal Cost Allocation, in any of the columns of volume III physical plant operating expenses. Therefore, all physical plant costs will be shown on a "net" basis by object of expense.

C. Agreement With COFO-UO

Total physical plant costs shown in volume III, the report of physical plant operating expenses, must agree in total and by object of expense with the data shown in the Physical Plant column on Table 4 of volume I of Financial Report of Ontario Universities.

D. Netting of Other Revenue

Revenues derived from outside the university by the sale or rental of physical plant facilities or services, the costs of which are reflected in the physical plant functional area, should be netted by object of expense against physical plant costs.

III DEFINITIONS AND EXPLANATORY COMMENT

A. General

The physical plant functional area reflects costs related to the physical facilities of the university including physical plant administration, building maintenance, custodial services, utilities, landscape and grounds maintenance, security and traffic control, building renovations, alterations and major repairs, and other physical plant costs.

The various physical plant functional areas are defined in the following section.

B. Definition of Expenses to be Included under each Major Function

1. Physical Plant Administration - this function includes all activities necessary to carry out the duties of management and administration for all areas under the jurisdiction of the Physical Plant Division. Examples of the activities are:

   (a) Administration - this category will include salaries, wages, employee benefits, travel, equipment and other operating costs required for administrators, assistant administrators, office personnel (including account keeping done by the Physical Plant Department such as payroll, billing, material ordering, personnel records, and dispatching of work orders), other administrative operating costs (including supplies, materials, telephone long distance charges, postage, computer rental, accounting machine costs, and career training programmes). This category will include all supervisory personnel who serve more than one functional area.

   (b) Engineering - this category normally includes salaries, wages, employee benefits, travel, equipment and other costs required to provide technical and engineering services necessary to effectively carry

out the functions assigned to the Physical Plant Department to the extent that these costs are funded out of the operating budget. This category will include engineers, architects, draftsmen, estimators, schedulers and preparation of documents for contractual maintenance, renovations and alterations as well as analysis of systems and modes of operation, plant records, etc.

(c) Planning - this category will include preparation of architectural and engineering plans and specifications for alterations and new construction to the extent that these costs are funded out of the operating budget.

2. Building Maintenance - this function includes all items related to routine repair of buildings and structures, including normal recurring repairs and preventive maintenance. Does not include renovations and alterations, or projects which are funded from outside the operating budget. Also, does not include major repair projects having a cost in excess of $10,000. The following are to be included:

(a) Salaries, wages and employee benefits for all personnel who are assigned to the Building Maintenance function. (See page 10* for definition of salaries and wages). Includes drivers assigned to vehicles which serve the maintenance function.

(b) Interior and Exterior of Buildings

(i) Plumbing, heating, air conditioning, and ventilation.

(ii) Electrical repairs of all types excluding primary systems and primary building sub-stations but including secondary systems, certain lamp replacements (requiring special ladders and rigging) and maintenance of outdoor lighting fixtures which are a part of the building.

(iii) Carpentry and cabinet making.

(iv) Painting and glazing.

(v) Hardware, locks, keys, closers and records.

(vi) Roofing and sheet metal work, including downspouts and gutters.

(vii) Welding and necessary machine work.

(viii) Elevators and other building machinery.

(ix) Miscellaneous building repairs such as tuck-pointing, blinds, etc.

(x) Costs of testing fire sprinkler systems, alarms, fire extinguishers, and similar protective devices.

(c) Maintenance and replacement of and additions to all furniture, furnishings and equipment within the buildings, but excluding replacements funded by users.

(d) Maintenance of utility distribution systems inside the building including electrical, heating, cooling, process steam, water lines, gas lines and sewer lines (both storm and sanitary), etc.

(e) Operating and replacement costs of all equipment, materials, and tools used in connection with building maintenance (exclude hand tools furnished by the employees).

(f) Operating costs for vehicles which serve the maintenance function.

3. Custodial Services - this function includes all costs related to janitorial and custodial services to buildings and structures including care and waxing of floors, washing of windows and costs of all cleaning contracts let to outside cleaning contractors (including window-washing).

(a) Salaries, wages and employee benefits of all personnel who are assigned to the Custodial function (See page 10* for definition of salaries and wages).

(b) Small set ups only where materials for the special set ups are stored or kept within the same building.

(c) Snow removal immediately adjacent to building.

(d) Other operating costs such as paper, paper towels and tissue, wax, erasers, chalk, cleaners, and other materials and supplies.

(e) Operating and replacement costs of all equipment used in connection with custodial services.

(f) Lamp replacement where lamps are readily accessible without special ladders and rigging.

Common operations include: Mopping, sweeping, waxing of floors (sanding and refinishing of floors are excluded); dusting, polishing, of furniture and fixtures such as venetian blinds, partitions, pictures, maps, radiators, etc.; cleaning of chalkboards, chalk trays, erasers, and replacement of chalk; washing and dusting of walls; cleaning and disinfecting commodes and urinals; cleaning and washing other fixtures, walls and partitions, and replenishing supplies for restrooms; the emptying and cleaning of waste receptacles; dusting and cleaning of windows and other glass surfaces, sweeping and cleaning of entrances; and opening and/or closing buildings, doors and windows.

The custodian is not a porter, messenger, mailman or laboratory assistant for the faculty or students. Generally, services requiring technical direction at the time of performance such as cleaning chemistry laboratory bench tops, decontaminating radioactive facilities, or cleaning of extremely delicate apparatus are not classified as custodial, but are usually provided by the department having specific jurisdiction. Do not include these in custodial services costs, show them under the function "Other".

4. Utilities - this function includes all costs for energy for heating, cooling, light and power, gas, water, telephone equipment rental costs and any other utilities necessary for the operation of the physical plant and normally includes:

(a) Salaries, wages and employee benefits of all personnel who are assigned to the utilities function (See page 10* for definition of salaries and wages).

(b) Operation and maintenance of heating and power plant equipment including water plant and sewage disposal plants.

(c) Operation and maintenance of equipment in central air-conditioning plant.

(d) Purchase or rental costs to provide electricity, gas, water, telephone equipment, and sewage treatment.

(e) Operation and replacement costs of all equipment used in connection with production of utilities.

(f) Maintenance of utility tunnels, distribution systems external to buildings for electricity, gas, steam, compressed air, chilled water, and high temperature water, domestic water, sanitary and storm drains. The expense does not include open ditch drainage and street, walks and grounds lighting maintenance.

NOTE: Recovery of utility costs, through sales to outside agencies should be apportioned by object of expense (i.e. salaries, supplies, utilities, etc.) to give a net cost by object of expense for that portion funded from the operating budget.

5. Landscape and Grounds Maintenance - this function includes operation and maintenance of campus landscape and grounds. Excludes areas for which the Physical Plant is reimbursed.

NOTE: the costs of maintenance and snow removal for parking lots are to be segregated and reported as an ancillary enterprise. The following are included:

(a) Salaries, wages and employee benefits of all personnel who are assigned to the Landscape and Grounds Maintenance function (See page 10* for definition of salaries and wages).

(b) Maintenance of all areas of the campus; all work associated with the care of trees, grass, shrubs, and flowers, the provision of nursery stock including seeds, fertilizers, and plant materials.

(c) Maintenance of roads and walks, irrigation systems, signs, and lighting for roads, walks and grounds.

(d) Snow removal and sanding (excluding parking areas).

(e) Maintenance of athletic fields, outdoor rinks, tennis courts and other outdoor recreational facilities.

(f) Maintenance of open ditch drainage, fences, retaining walls and rip rap.

(g) Care of miscellaneous fixed equipment such as benches, shelter houses, etc.

(h) Operation and replacement costs of all equipment used in connection with grounds maintenance.

(i) Trash and refuse handling which is not part of a municipal service.

6. Security and Traffic - this function includes all costs for watchmen, police services related to plant and campus security, and vehicle control. Costs relating to "parking lots" are to be segregated and reported as an ancillary enterprise.

(a) Salaries, wages and employee benefits of all personnel who are assigned to this function (See page 10* for definition of salaries and wages).

(b) Patrol of campus and school areas including exterior of building by police.

(i) Patrol vehicles, radio communications cost, uniforms, and police equipment including radar.

(ii) Office operation.

(c) Watchmen of building interiors on a route system.

(i) Uniforms and clocks.

(ii) Operating and maintenance of vehicles used in watch service.

(d) Closed circuit T.V. monitors, burglar alarms, etc.

NOTE: Expenditures relating to the administration of the safety programme are not to be included under "Physical Plant". Such expenditures are to be reported under the functional area "Other" in volume I of Financial Report of Ontario Universities.

7. Other - this function is to be used only to the extent that costs are included in Physical Plant expenses. Examples of "Other" services and costs which are frequently the responsibility of Physical Plant Departments are as follows:

(a) Purchasing, receiving and stores. If the purchasing, receiving and stores functions for supplies and equipment are centralized, then the expenditure should not be reported under Physical Plant. However, if these functions are decentralized, then purchasing, receiving and stores for supplies and equipment used by the Physical Plant department should be reported.

(b) Hauling, moving and storing of furniture for other departments.

(c) The costs of messenger, mailman, postal services, porter, or services requiring technical direction at the time of performance, which services are usually provided by the department having specific jurisdiction. For further reference see Item 3 - Custodial Services.

(d) Property taxes and other municipal assessments, including those taxes for which compensatory grants are received from the Province.

(e) Vehicles and Equipment - include here only costs which cannot be reasonably distributed to other functional areas of Physical Plant and are not reimbursed to Physical Plant.

(i) Salaries, wages and employee benefits of all personnel who are fully assigned to this function (See page 10* for definition of salaries and wages).

(ii) Operating costs, maintenance, etc.

(f) Unabsorbed Physical Plant costs relative to chargeouts, not recovered from departmental work orders.

(g) Property and liability insurance.

(h) Renovations, Alterations and Major Repairs - all renovations and alterations are to be included. Only those major repair projects which are of a non-recurring nature and which have a cost in excess of $10,000 are to be included. Repairs under $10,000 are to be reported under the appropriate functional area. Costs to be included in this category are:

(i) External Contracts

(ii) Salaries, wages and employee benefits of all university personnel used to perform the work. (See page 10* for definition of salaries and wages).

(iii) Costs of all furniture, furnishings, materials and equipment required in connection with renovations, alterations and major repairs.

(i) Costs of renting space and land together with property taxes paid thereon should be reported under the functional area "Other" within Physical Plant. If the

rental agreement includes the provision of services (e.g. utilities, maintenance, cleaning, etc.) and if the costs of these services can be identified, these costs should be reported under the appropriate functional areas.

C. Definition of Objects of Expense

The same Object of Expense definitions apply to the preparation of both volume III, physical plant operating expenses, and the other volumes of Financial Report of Ontario Universities. These definitions are as follows:

1. Other Salaries and Wages - this object will reflect all salaries, wages and payments to non-instructional staff (support staff) including among others, technicians, clerical and secretarial, professional and managerial, janitorial, trades and maintenance.

2. Employee Benefits - this object is to reflect an institutions's contributions (with respect to salaries reported in Item C.1) for pensions including payments for actuarial deficiencies and past service liability, group life insurance, salary continuance insurance, dental plans, cost of Workmen's Compensation, free tuition, unemployment insurance, and other costs of an employee benefit programme. Memberships or other perquisites of employment are not to be reported here. Whenever an institution pays a premium or sets aside an amount for an employee, these amounts should be included under employee benefits. All other categories of payments shall be reported under salary expenditures.

3. Equipment and Furniture - under the appropriate subheading of "Purchase", "Rental", and "Maintenance" report here all expenses for equipment and furniture, including laboratory equipment (other than consumables), administrative equipment and furnishings (including carpets and drapery), copying and duplicating equipment,

---

*Definition of Salaries and Wages

Salaries, wages, and employee benefits to be reported under this function should include the following staff members:

- all workers assigned to the function

- all foremen and supervisors who work exclusively in the functional area.

computing equipment, maintenance equipment. Instalment and lease purchase computer contracts should be classified under the heading "Purchase". Installation costs would normally be classified as an expense for equipment and furniture.

4. Operational Supplies and Expenses - this object will include among other items all expenses for supplies which are normally consumed within the fiscal year, including postage, reproduction (i.e., all reproducing and printing carried out by the university), publications, telephone long distance charges, repair materials, maintenance, office supplies and computer software packages.

5. Utilities - expenses for fuel, electricity, water, gas, telephone equipment rental and installation, and other utilities (e.g. purchased steam) costs are reported in this object. The cost of utilities is to be included in total under the functional area "Physical Plant".

6. Municipal Taxes - property taxes for which there are compensatory grants as well as all other payments for municipal services out of operating funds are to be included. Taxes paid in relation to space rental are not to be reported here; these amounts should be included with other costs of space rental under the object entitled "Miscellaneous".

   NOTE: Municipal taxes for which compensatory grants are received from the Province are to be included in this object of expense and should also be reported separately in the the box provided at the bottom of page 1 of the forms.

7. Renovations, Alterations and Major Repairs - this object includes all expenses for renovations and alterations to existing university space (whether internally performed or externally contracted). It excludes expenses of maintenance, repair or refurbishing except major repairs of non-recurring nature in excess of $10,000 which are to be included. If these specific kinds of services are externally contracted they are to be reported under this object and not as "Externally Contracted Services". If internally performed, the total costs including labour and material should be brought together in this object.

   NOTE: Repairs and refurbishing of less than $10,000 value are not to be included in this object. The costs of labour, materials or externally contracted services for repairs and refurbishing of less than $10,000 value are to be shown in their own objects.

8. Externally Contracted Services - all expenses for services contracted to external agencies (except for renovations, alterations and major repairs) are to be included. Examples of expenses to be included would be cleaning contracts, security services, snow removal and similar time and material contracts under physical plant, and food services under ancillary enterprises. Where food services are contracted, the contract amount in total should be shown under this object and not under cost of goods sold or other objects, even though the contractor may provide a breakdown.

9. Land and Site Services - this object is to include acquisition costs, land improvements and site preparation, including landscaping, sewers, and roads. Also includes fees and planning costs relative to the direct expenses.

   NOTE: These expenses are normally reflected in the Capital Fund rather than in the Operating Fund of the University.

10. Buildings - all expenses which are normally considered part of the construction costs are to be included. Where applicable, furniture and equipment and site services are to be segregated from the total contract for inclusion in their specific objects of expenses. Includes all fees and planning costs associated or directly attributable to this object as well as any costs such as utilities incurred during construction.

    NOTE: These expenses are not to be reported under the Operating Fund of the University.

11. Miscellaneous - this category of expenses includes amounts not reported in the previously identified objects. Categories of expenses may include recruitment, travel and field trips, relocation, entertainment, memberships, ceremonials, assistance to student organizations, insurance, legal fees, audit fees, consultants' fees, cost of renting space and land together with property taxes paid thereon. Expenses which can be properly identified as belonging to another object are not to be included here, particularly those which fall within the category of operational supplies and expense.

    NOTE: For the appropriate treatment of space rental costs, refer to 7 (i) on page 9.

IV REPORTING FORMS, SUBMISSIONS AND ANALYSIS

Each university is asked to complete the attached forms and submit to the Research Associate, Council of Ontario Universities, 130 St. George Street, Suite 8039, Toronto, Ontario, M5S 2T4 by August 15, 1986. The attached forms consist of the main summary of Physical Plant operating expenses and three supplementary data sheets as follows:

1. A breakdown of the functional categories "Utilities" and "Other".

2. Gross square metres area by major function.

3. Annual average cost of electricity, fuel and water.

This return is to be signed by both a physical plant and a financial officer of each university.

The individual university returns will be consolidated by COU and will be reviewed by a joint OAPPPA/COFO-UO sub-committee. Any unusual variations will be referred back to the respective universities for review and comment. Following these reviews, a comparative analysis of physical plant expenses of the Ontario universities will be prepared by COU.

NOTE: In addition to the foregoing information, you are asked to comment on all "material" extra-ordinary or non-recurring expenses included in any of the functional areas.
